

Tim Martz

March 9, 2010

I am running in the Republican Primary on May 4, 2010 ballot for the 2nd Congressional District of Ohio Representative seat.

The following is my Right to Life statement that is also posted on my website.

Right to Life

The Supreme Court decided that abortion is legal in our country. While this is the law of the land, if I am elected to Congress, I will introduce or support legislation that requires parental or guardian notification when a minor is involved, not allow abortions when the fetus has brain activity, and prohibit any government money from being used to pay for an abortion. Government money could be used for counseling services that do not gain financially from abortion procedures. My hope is that when all the facts are on the table from impartial counseling, women will choose life for their baby. I support a Constitutional amendment to overturn the Constitutional right to an abortion.
